ABOUT ME

Passionate and detail-oriented Frontend Web Developer skilled in HTML, CSS, JavaScript, React, and Tailwind CSS. Currently pursuing a BS in Artificial Intelligence while building strong, practical frontend development skills through hands-on projects. Seeking a frontend internship opportunity to apply and grow these skills in a real-world team environment.

PROJECTS

Portfolio Website

Responsive portfolio built using HTML, CSS & Tailwind CSS.

Business Website

Responsive business website using reusable HTML/CSS components.

Landing Page

Modern landing page using HTML, CSS & JavaScript.
